RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 38 pages. Original publisher: Washington, D. C. : U. S. Govt. Accountability Office, 2008 OCLC Number: (OCoLC)299322077 Subject: Petroleum industry and trade -- United States. Excerpt: . . . Fiscal year Oil Gas Total 2005 34. 10 45. 11 79. 21 2006 30. 81 31. 80 62. 61 Total 516. 86 713. 08 1, 229. 94 Source: GAO analysis of DOE oil and gas appropriations. Note: Amounts may not always add due to rounding. More recently, in fiscal years 2007 and 2008, DOE's oil and gas R and D investments have generally increased from 2006 levels, primarily as a result of funding from EAct 2005, section 999. During these years, DOE was appropriated a total of about 161 million for oil and gas R and D activities, which includes 100 million provided by EAct 2005, section 12 999. EAct 2005, section 999 makes available 50 million per year for 10 years for oil and gas R and D, to be split between DOE (25 percent) and a nonprofit corporation (75 percent) formed by a consortium. The consortium, known as the Research Partnership to Secure Energy for America (RPSEA), includes U. S. energy research universities, industry, 13 and independent research organizations. Among other things, DOE is charged with maximizing the value of U. S. gas and other petroleum resources by increasing supply, reducing the cost of exploration and production of such resources, and minimizing environmental impact. Overall, since 1997, DOE's funds have supported hundreds of near-term projects, as well as research that is longer term and high risk, whereas industry R and D focuses primarily on near-term challenges. DOE uses its non-EAct 2005 funds for both near- and longer-term R and D projects, including...
