

The Evolution of the Oil Industry (Classic Reprint) (Paperback)

By Victor Ross

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Evolution of the Oil Industry A glance at the chapter headings in this little book shows that it is an endeavour to present in succinct form a survey of a great and ever-expanding economic revolution - the interpenetration by petroleum of all industries, whether of the factory or the field, land or sea, war or peace. This phenomenon has been almost exclusively a development of the past six decades, and the United States of America have been the predominant factor in the innumerable changes wrought thereby. The narrative confines itself rigidly to historic records and material facts, undeniably romantic in themselves. But as the epic unfolds itself, it assumes a super-phase, the import of which cannot be measured by mere figures - a super-phase with invaluable applications to the problems of humanity in an industrial age.
