Brand New Book ***** Print on Demand *****.Every sign points to a collapsing worldwide population by the end of this century. In his new book Dennis Marx uses statistical and evolutionary analysis to show. That the population explosion of the 20th century has turned into the population implosion of the 21st century. That worldwide human fertility is falling. Humans are currently evolving exponentially faster than at any time in the past. How these new trends will effect business, politics and culture. How business and investment practices can best take advantage of these trends. By examining the demographic details across the globe, Dennis Marx has uncovered a startling fact impacting virtually every country, rich or poor, religious or secular, advanced or agrarian. Human fertility is falling. Every sign points to a collapsing worldwide population by the end of this century. The population explosion of the 20th century has turned into the population implosion of the 21st century and for the centuries following into the new millennium. In his book on predictions for the 21st century, Dennis Marx looks not to sociology, economics or politics for the...
