Date :2009-08. In today's society, the economy of goods flooded the market. The operation of enterprises, production, people's daily life, economic activities, the possibility of a risk at any time, risk, once produced, will be to people's lives and caused enormous losses of production, so that people in trouble. Insured insurance, you can make the risk of losses to a minimum, the social reproduction carried out smoothly, to maintain the normal life of members of society. Risk insurance with a control, preservation of property characteristics. As a mechanism for economic compensation, its security and social stability, increase the risk tolerance of citizens is significant. Currently, more and more people have realized the importance of insurance, and produced a willingness to buy, but mention insurance, many people are said to know the heart is unknown. Not to mention that had not bought insurance, the insurance consumers know little about, and even has purchased insurance to buy their own insurance policy holders for what was good, what actual protection and future exactly how much insurance to get their payments, may are still confused. In this case, it is understood from their perspective, the insurance will often produce this kind of misunderstanding, and even that insurance is a fraud. Therefore, some people would rather put money into banks to charge interest or boldly risk for stock market investing, do not want to buy for the future to provide risk protection insurance. Visible, so plainly insurance is our common wish. Book from Bukebufang insurance trap, may not know the insurance knowledge, the legitimate rights and interests must-dimensional and can not understand the...
