

The Story of Maps (Paperback)

Filesize: 2.05 MB

Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Ms. Fatima Erdman)

THE STORY OF MAPS (PAPERBACK)

[DOWNLOAD](#)

Dover Publications Inc., United States, 1980. Paperback. Book Condition: New. New edition. 231 x 163 mm. Language: English . Brand New Book. Early map making was characterized by secrecy. Maps were precious documents, drawn by astrologers and travelers, worn out through use or purposely destroyed. Just as men first mapped the earth indirectly, via the sun and stars, so must the history of maps be approached circuitously, through chronicles, astronomy, Strabo and Ptolemy, seamanship, commerce, politics. From the first determinations of latitude 2000 years ago through the dramatic unraveling of longitude 1700 years later, the story of maps plots the course of civilization. The Story of Maps, first published thirty years ago, charts that course with a breadth and depth still unsurpassed in a scholarly survey.
